

The Atelier Standard & The Capstone

Who you are now — and the work that proves it

Learning Objectives

- Assemble the complete capstone portfolio from artefacts built across all fourteen modules
- Perform a full client service demonstrating the Amber Atelier standard, start to finish
- Articulate the Amber philosophy of makeup artistry in your own words, to a client or an examiner
- Receive your Course III standing as a certified Amber Atelier makeup practitioner

Fourteen modules, one practitioner

You have not been building isolated pieces of knowledge across this course. You have been building a single practitioner — one who understands bone structure before colour, reads a face honestly, respects a client's autonomy and her culture before touching a single brush, and carries global technique with reverence rather than convenience. This final module asks you to bring that practitioner fully into the room, once more, before you carry her into practice.

You did not arrive here to memorise fifteen modules. You arrived to become someone a client can trust with her face, and with the story her face tells.

Assembling the portfolio

- The marked structure photograph from Module One
- Your undertone record, assessment card, and full kit prescription — your consultation trilogy — from Modules Two, Three, and Thirteen
- Your certified kajal application photograph from Module Five

- Your photographed, sanitised working kit from Module Nine
- Your completed full-face application, photographed in two lighting conditions, from Module Eleven
- Your two completed global technique looks from Module Twelve

The Capstone Service

One client. One complete Amber service, start to finish.

Perform a full-service appointment on a partner, model, or genuine client — consultation, assessment, service, and send-off — exactly as this course has taught it, under observation.

- Conduct the full consultation and skin/eye-area assessment before touching the face
- Perform sanitation protocol visibly and correctly
- Execute the service using correct structural placement, colour theory, and technique
- Close with an honest, written aftercare and kit recommendation

The philosophy, in your own words

Before certification, you will be asked one closing question, in your own words and without notes: *What does it mean to practise makeup artistry the way Amber teaches it?* There is no script for this answer. It should draw on everything this course tried to model — the structure

held with rigour, the heritage held with reverence, the client held with honesty, and the face itself held, always, as something to reveal rather than to correct.

Fifteen modules ago, you began by learning the structure beneath the colour.

You end this course knowing exactly whose face you are honouring while you shade it.

Amber Atelier · Course III Complete · The Living Palette

Carry the palette as carefully as you were taught to carry the canvas and the crown.

Course IV awaits.
